About Us

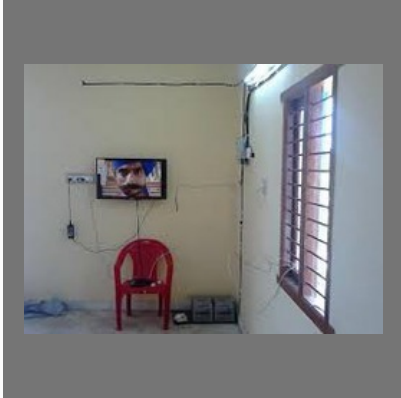

Flare Solar Solutions & Engineering Services is one of the reliable companies in the market and came into existence in the year **2015** as a **Partnership** based entity. Our company's headquarter is situated at **Hyderabad**. We are dedicatedly involved as a **wholesaler** and **trader** of **Solar Home Lighting System, Solar Equipments, Solar Water Heater** and **Solar Light**. Furthermore, we also provide **Solar Equipments AMC Service** and **Installation Service**. We would like to introduce ourselves as Flare Solar Solutions & Engineering Services a solar EPC (Engineering, Procurement, and Construction) company based at Hyderabad, Telangana. We have started the organization with an intention of adoption of renewable source of energy by providing our customers with energy saving and cost effective solutions. For Solar we have tied up with certified manufacturers to provide us with the components and we will manage the installations. We have whole range of residential and office LED lightings. We believe that in the current times of environmental threat the above solutions are the way forward and the faster we embrace it, the better it will be for our coming generations. Our professional staff includes certified engineers having rich experience of more than 8 years in this field. Flare Solar Solutions & Engineering Services is committed to customer's success. The cornerstones of...
